## **Pain-killing and Regeneration with 2001 applications**

**Which can help...**

**control STRESS related problems**

**resolve most skin problems**

**reduce general STRESS**

**improve Quality of SLEEP**

**strengthen the Immune System**

**increase Longevity and Quality of Life**

**control inflammation caused by:**

- arthritis, back pain, aching muscles

- various injuries and surgery

- burns, severe wounds, bursitis

- crown's disease and hemorrhoids

- varicous and stomach ulcers

**improve Blood Circulation**

**control High Blood Pressure**

**accelerate bone repair and consolidation**

**control migraine headache**

\* This new therapy is coupled with

**Self-Motivation to heal and the help of a mentor.**

It is neither claimed that it treats nor that it cures any disease.

## • Preamble

**RHUMART® is a dream come true for every human being.** RHUMART® offers an effective way to rediscover the benefits of perfect health, **including full autonomy.** Improvement is achieved even in patients with a long history of chronic physical ailments such as **arthritis, arthrosis, hypertension, ulcers, lesions, chronic pain, back problems, sports injuries, migraines, and stress.**

People in relatively good health, but stressed by their lifestyle, by their work load, or by competitive sports have reported a "**rejuvenating**" effect from the RHUMART® system, allowing them to enjoy a sense of **vitality** and physical and mental **well-being** they had never experienced in their life. Although this revolutionary process is at first glance quite astonishing, it is nevertheless simple to explain scientifically.

**How is it possible that the RHUMART® system could help control inflammation and pain while simultaneously stimulating the natural processes of cellular regeneration, healing and immunization?**

In what way does this system, when used correctly, improve the assimilation, the dissimulation, the maintenance and the normal regeneration of all kinds of biological tissues? Such results are possible because the RHUMART® system, patented in many countries, uses a unique type of low frequency and low intensity electromagnetic wave **to produce impulses which are almost identical to those produced naturally by the human nervous system!**

**And since all cells in the human body are "trained" to respond to this kind of bioelectrical command,** they recognize the RHUMART® impulses as an effective means of controlling life processes.

**Most importantly, twenty years of research with this system (1979 to 1999)** have convinced us that, for the best possible results, this system should remain in the hands of the people using it. These people are in the best position to adapt the parameters of cellular conditioning to their own individual needs, since they are the ones feeling the physiological benefits provided by RHUMART® - which soon allow the user to **regain full autonomy,** confidence and self-esteem.

**Historically, in 1978, being moved by the fact that about 20% of the world population suffer from various types of rheumatism and arthritis, Dr Roland A. Drolet, the inventor of this natural, safe and effective self-health system, decided to name it RHUMART®!** From the French words "RHUMatisme" and "ARThrite".

- **The Product**

**The RHUMART® Self-Health™ system** developed by Rodrol Instrumentation Inc., Bioelectric Medicine Inc. and Dr Roland A. Drolet, holder of a Ph.D. in Biomedical Engineering (University of Toronto, 1971) **is not sold as a medical device.**

**It is an electrophysiological system aimed at training or conditioning human cells and strengthening the natural healing processes and immune system. For a detailed description of RHUMART® technology, see the Patent documents listed herein.**

**This system is not considered to be a medical device for the following reasons:**

- 1- **Its use is not taught in any medical faculty** of the “free world”;
- 2- **This system produces low amplitude and low frequency biological, bioelectric or electrophysiological impulses which are very similar to those of the human nervous system**, particularly to the type of signals involved in healing and **biological communication between various cells, tissues, organs and subsystems of the human body**; hence it is an electrophysiological system, based on natural impulses involved in the control of all living organisms;
- 3- **The RHUMART® life-waves** are no more “medical” in nature than physical exercise, walking, nutrients, vitamins, mineral supplements, hygiene, or positive thinking;

- 4- **The RHUMART® system is capable of inducing five electrophysiological effects by means of the RHUMART® Cell-Com™ language** (using RHUMART® pulsating biological control signals); when properly used, it is capable of inducing the following effects:
  - Helps improve blood circulation,
  - Anti-inflammatory, pain-killing and relaxation effects,
  - Stimulates natural healing, repair and regeneration,
  - Helps improve communication between cells, tissues, organs, biological systems and whole human beings,
  - General Anti-STRESS effect;
  
- 5- **The RHUMART® system is not sold to treat or cure any one specific disease; it is rather intended to strengthen the whole organism by means of bioelectric control signals;**
  
- 6- For further explanations and basic scientific articles on the nature of the RHUMART® system, see **the RHUMART® Journal, Vol. 1, No 1, 2, and 3**, prepared in the English language by Bioelectric-Medicine Inc. in 1990, to be published soon (sometime in 2000);
  
- 7- **The safety and effectiveness of the RHUMART® system** has been proven beyond any doubt, as shown by the numerous documents referred to herein.

- **Patents and Trademarks**

**Patents:**

The technology, methodology, and uses of RHUMART® systems are protected by major patents around the world. Here are a few of the most important patents issued in the countries indicated :

- U.K. patent No. 2277270
- U.S. patent No. 5620463
- Canadian patents Nos 2058179; 1150361 and 1113156
- Japanese patent No. 1603545; and others

**See page 345 of Vol.-9Fr of Mikal's Encyclopedia** for further details on patents issued.

**Trademarks:**

A few trademarks are used in association with RHUMART® products and services: Self-Health, Auto-Health, Auto-Santé, RESC, Ultima-100T, Ultima-Santé, MBI-3000, MAXI-2A, REBONE-4A, MINI-4A, MAXI, RESH-3000, Cell-Com, etc. (See the U.S. Patent No 5620463 and the U.K. and Canadian patents for further details on Trademarks).

- **Indications and Amazing Results using RHUMART® systems**

(Scientifically, Legally and Independently Proven by various Health Professionals and Thousands of Owner-Users, Worldwide)

- **Amazing Results**

**An independent scientific survey of the RHUMART® clientele** carried out by the “Centre de Recherche sur l’Opinion Publique,” the CROP research team, over a randomly chosen sample of more than one thousand owner-users of the RHUMART® Self-Health™ system supports RHUMART® claims of:

- **improved Quality of Life** (in 75% of respondents);
- **reduced pain** (in 76% of respondents);
- **STRESS relief** (in 63% of respondents);
- **improved work efficiency** (in 56% of respondents);
- **increased energy** (in 54% of respondents);
- **better sleep quality** (in 52% of respondents);
- **greater autonomy** (in 37% of respondents);
- easier digestion (in 36% of respondents); and
- increased frequency of outdoor activities (in 29% of respondents); and travel (in 18% of respondents).

Moreover, the safety and effectiveness of the RHUMART® system were clearly demonstrated in four scientific studies recently published by the **International RHUMART® Institute (iRi)** (ISBN 2-89527-044-9, Volume-14En of Mikal’s Encyclopedia). This book is entitled *Seven (7) Scientific Reports on the RHUMART® Phenomena*.

Volume-14En also includes a scientific article on “**Bioelectric Regeneration and Cancer**” based on the conclusions of world leaders in the field of bioelectricity. According to these researchers, the control of regeneration could cause tumours to shrink. Using controlled animal experimentation, these scientists

reached the breakthrough conclusion that **bioelectric dedifferentiation could cause cancerous cells to return to their normal state** (Cf: the book by Dr R.O. Becker and G. Selden *The Body Electric: Electromagnetism and the Foundation of Life*, New York, Quill, William Morrow, 1995). This is well supported by the findings of the above-mentioned CROP survey, since **63% of the respondents** reported achieving **STRESS relief** with the RHUMART® Self-Health™ system and it has been known by cancer researchers for the last ten years or so that **STRESS is an important cause of Cancer development in human beings**.

And here is Dr R.A. Drolet's most recent conclusion. Last month, it was reported worldwide that U.S. researchers had demonstrated that **people with HIV (the cause of AIDS) develop the symptoms of this terrible disease more quickly when they experience more STRESS in their life**.

Knowing that, when properly used, RHUMART® **did reduce the STRESS of 63% of respondents in the CROP scientific survey**, it is easy to see that the RHUMART® Self-Health™ system has the potential to slow down the development of the symptoms of AIDS (Acquired Immuno-Deficiency Syndrome).

This is no surprise to Dr Drolet, since, in 1989 and 1990, there were a few RHUMART® users, at least-five (5) well-documented cases of AIDS, who actually benefitted greatly from the regular use of RHUMART® conditioning. We were so sceptical about these results that we asked Dr Jean Charlebois, M.D., (working at that time for the International RHUMART® Institute, iRi) to confirm the diagnosis of one serious AIDS-case. And indeed, his T4's were drastically low! So draw your own conclusions.

Further reports of a **surprisingly wide range of results obtained with the use of RHUMART®** are presented in the above-mentioned Encyclopedia:

- **See Volume-4Fr, a 900-page book**, with a 70-page section in English (the rest of the book is in French);
- **See Volume-3Fr**, for the scientific basis of RHUMART® systems and clinical results, in the French language; and for the same in the English language, see the three RHUMART® Journals (Vol. 1, No 1, 2 and 3).
- **See Volume-7Fr**, for seven research reports in French; and Volume-14En for seven research reports in English (the latter contains reports not yet available in French);
- **See Volume-9Fr** (in French): pp 157 to 200 for a brief introduction and summary of important results reported by RHUMART® researchers. For example, it was shown **by the CROP research team that about 50% of all visits to medical doctors** (60% for specialists and 40% for General Practitioners) were effectively eliminated by the users of RHUMART® systems; and believe it or not, these RHUMART®-conditioned people decreased their consumption of medication by about 50% (for those who were taking medication). Hard to believe? These facts were independently reported by the renowned CROP research team. Volume-9Fr is now being translated into English, and Volume-9En should be ready by January 1, 2000!

**NOTE:** Although most of the seven books of Mikal's Encyclopedia are written in the French language, every one of these books includes a one-page summary **in seven (7) major languages: English, French, Spanish, German, Italian, Japanese, and Chinese.** **Volume-22Fr of this Encyclopedia contains a sixteen-page section in English**, summarizing all seven recently published books of this encyclopedia.

- **PRODUCTION of RHUMART® systems**

About **ten thousand units** of RHUMART® systems, covered by extensive patents in the U.K., USA, Canada, Japan and other countries were produced in Canada, at a rate of up to 600 systems per month, mainly during the period from 1988 to 1992.

The current manufacturer of RHUMART® systems is a very reliable and responsible company producing state-of-the-art electronic and biomedical instruments and systems.

This subcontractor manages a high standard quality-control program and a small R&D engineering group, highly skilled in analog and digital electronic manufacturing technologies. This group is capable of improving the manufacturing techniques so as to reduce the production costs as the volume of units increases.

## • RESEARCH AND DEVELOPMENT (R&D)

As discussed in the third issue of the RHUMART® Journal, (Annexed under separate cover), every well-trained owner-user of the RHUMART® system can be considered a life-science researcher.

Also, scientific survey groups such as **the Centre de Recherche sur l'Opinion Publique** (referred to as CROP) from Montréal, Canada, can validate and independently confirm the wide range of health results obtained by RHUMART® owner-users.

Finally, seven research reports by independent medical and para-medical health researchers are presented in Volume-14En (in English) of the unique **Mikal's Encyclopedia**; also, Volume-7Fr (in French) of the same Encyclopedia includes a few more research reports in the French language.

It should be stressed, however, that any “clinical” research on RHUMART® should consider **the owner-user** as the main experimenter, **since he is the one who can best experience and evaluate the general health-enhancing effects of RHUMART®** much better than any researcher or statistician who would analyze the results obtained by someone else.

However, professional researchers should work to develop new applications and parameters to be used by RHUMART® experimenter-users. This is one of the main goals of the international RHUMART® institute (iRi).

- **Potential savings on health costs, by as much as 30%, worldwide**

Within 20 years, \$300 billion U.S. could be reinvested in worldwide Health and Welfare or in the World Economy every single year, through the worldwide marketing of RHUMART® Systems.

Sounds incredible? Not to say astronomical? Of course!

**But the great potential economic savings** that could be realized through the widespread use of **RHUMART® technology is in the range of \$300 billion U.S. per year**, as can be calculated based the on following reported facts:

- It was reported by a group of independent scientific pollsters (the CROP research team) that, only six (6) months after the regular use of RHUMART®, approximately 50% of all prescribed and over-the-counter drugs were no longer required by the former consumers of these medicinal drugs, in a survey of 1005 owner-users who participated in the survey of the RHUMART® clientele;
- The CROP research team reported that, six (6) months after the regular use of the RHUMART® system, forty percent (40%) of the regular visits to general practitioners (GP medical doctors) were no longer required by the owner-users of RHUMART®;
- The same CROP research team also reported that, six (6) months after the regular use of RHUMART®, sixty percent (60%) of all visits to medical specialists were no longer required by the participants in this scientific survey;

(See the entire forty-page report by the CROP research team included in Volume-14En of Mikal's Encyclopedia, or its executive two-page summary, by the CROP authors, in order to be convinced of the reality of these reported facts).

From these astonishing, but well-documented facts, we, at FWT, have estimated that if all chronically ill people, and even healthy ones, used RHUMART® on a regular basis, **the actual public and private health costs could be reduced by at least 25 to 35%** of those reported before the widespread usage of the RHUMART® approach and technology.

Now, based on the above, any good high school student could estimate the great potential savings that could be achieved through the universal use of the RHUMART® approach.

Indeed, **for Canada alone, the health cost savings could eventually amount to as much as ten (10) billion Canadian dollars, per year, every year!** And, for the U.S. market, the savings could eventually amount to some 100 billion U.S. dollars, per year, every year.

Finally, assuming the worldwide potential savings (mainly in the EEC, Japan and China) to be roughly three times that of the USA, ***we reach potential health cost savings of 300 billion U.S. dollars, per year!*** This estimate of potential savings sounds astronomical, but it is based on a real and scientific survey of over one thousand owner-users of the marvellous RHUMART® approach and technology, carried out in 1991, in Canada, by the CROP research team (based in Montréal).

**If you find it hard to believe, you are invited to make your own estimate of potential savings** from the scientifically gathered data reported in the CROP report (available in English in Vol.-14En; and in French in Vol.-7Fr; of **Mikal's Encyclopedia**).

- **THE RHUMART® Marketing Package**

*Here are a few marketing tools aimed at making this unique technology the Health and Welfare breakthrough of the century for the chronically suffering humanity.*

1. *The Golden RHUMART® CDs*, (Vol.1A & 1B);
2. **The *rhumart.com* Web site**;
3. *Mikal's Encyclopedia and Global Health* in 8 volumes, with summaries in 7 major languages;
4. **Available help from the worldwide clientele of RHUMART® owners**;
5. *The RHUMART® Career Book*
6. The 3 issues of the **RHUMART® Journal**, in **English and French languages**;
7. **Major Patents** issued in the USA, UK, Canada, Japan and elsewhere;
8. **The RHUMART® owner's Manual** in 7 languages: **English, French, Spanish, German, Italian, Japanese and Chinese.** (now available in 3 languages)

## LIST of Related Documents

1. ***The Golden RHUMART® CD, Vol.1, including over 8 hours of compressed Video documents (with three sound tracks: French, English and Spanish); and Vol.-22Fr (index of Mikal's Encyclopedia) in 7 major languages; more specifically, this Unique RHUMART® CD includes:***

***English:*** The RHUMART® Phenomenon and Health Problems:

amazing testimonials, scientific basis, user's guide and long-term effects;

***Français:*** Le phénomène RHUMART® et les problèmes de santé:

vibrants témoignages, base scientifique, utilisation et effets à long terme;

***Español:*** El fenómeno RHUMART® y los problemas de salud:

vibrantes testimonios, fundamentos científicos, uso y efectos a largo plazo.

2. ***Mikal's Encyclopedia and Global Health*** including seven Volumes: Vol.-3Fr, 4Fr, 5Fr, 7Fr, 9Fr, 14En and 22Fr **with summaries in 7 major languages: English, Spanish, French, German, Italian, Japanese and Chinese.** (Note: Vol. 22Fr and 22En are offered ON both CDs: Vol. 1A & 1B).
3. **The first three issues of the *RHUMART® Journal*** (available in French as Vol.-3Fr of Mikal's Encyclopedia, and now ready to be published in English, as Vol.-13En of the same). (Will be available for viewing on the **www.rhumart.com** Web site, in English & French)
4. ***The RHUMART® Career Book*** (Available in English and French). (For commercial purpose only).
5. ***A Confidential worldwide list of about 6,500 buyers and over 350 Independent Distributors of RHUMART® systems*** (active between 1988 and 1991).
