## ***Mikal's Unifying Thought - 1998***

*«Everything is interrelated in space and through time;  
thus, every human being is, initially, a product of  
his or her parents as well as of their Culture.*

*However, at the dawn of the year 2000,  
each and every one of us has the responsibility  
to ensure the evolution, and even the transformation  
of our own Culture into a more Universal way of life.*

*All human beings engaged in this process will  
gradually reconnect themselves with their basic,  
original essence, buried in their inner core.*

*And soon, they will experience the ultimate joy:  
that of understanding and revealing to all  
humanity what they have always been:  
universal and eternal like Life itself.*

**Volume 3Fr The RHUMART® Creative Energy**  
ISBN 2-89527-000-7 (*set*) ; ISBN 2-89527-003-1 (*vol.3*)

This book, in French, contains basic documents on the RHUMART® Self-Care system and its scientific foundation as well as articles on major clinical research studies and authentic testimonials from numerous users of the RHUMART® system wishing to control many chronic health problems such as arthritis, STRESS, migraines, back pain, poor blood circulation, degenerative conditions, injuries, chronic pain, high blood pressure, cancer, and premature aging.

Actually, this volume includes the first three issues of the RHUMART® Journal, published in French by Médecine-Bioélectrique Inc. (MBI) in 1990, as well as a two-page summary of an instruction course for this unique self-health or self-care system. The functioning of this system is based on the nervous system's electrophysiology and on a comprehensive approach to health taking into account the body, the mind, and the soul of people suffering from every kind of health problem.

Volume 4Fr The DIVINE HEART of  
the RHUMART® Family**

ISBN 2-89527-000-7 (set) ; ISBN 2-89527-004-X (vol.4)

This is a remarkable **handbook on the nature of the RHUMART® system and results** achieved using this bioelectric system. This book, **in French**, is intended for anyone concerned with human health, particularly chronic problems such as arthritis, osteoarthritis, **STRESS**, back pain, poor circulation, high blood pressure, various injuries, burns, and even cancer and premature aging.

Hope is revived for countless people seeking to improve their health and quality of life with the RHUMART® regenerating and self-healing approach developed by Roland A. Drolet, Ph.D.

The striking testimonials of hundreds of seemingly “miraculous healings” are presented in different forms in this unique handbook:

- The results of a CROP scientific survey of over one thousand owners of the RHUMART® Self-Health™ System;
- The judgement rendered by the Honourable Claude Joncas, JCQ, in favour of the inventor-researcher who developed this unique system to restore health as well as a summary of the striking evidence submitted under oath before this judge by users whose health was restored, improved or transformed; and by courageous medical doctors who dared defy their own professional corporation and honestly reported in a Canadian court of justice their positive and even astonishing experiences with the RHUMART® system;
- The transcription of hundreds of authentic live testimonials;
- An encyclopedic index to find all the testimonials made by specific individuals or concerning a specific health problem;
- Finally, a scientific and medical opinion, by Dr A.-M. Bégué-Simon, M.D., on numerous testimonials by users of the RHUMART® System is presented in the fourth section of this book. Dr Bégué-Simon acted as medical and paramedical expert before the Court of Appeal of Paris, and testified before the Honourable Claude Joncas, JCQ.

**Mikal's Encyclopedia and Global Health  
Volume 5Fr Abundance and Harmony...**

ISBN 2-89527-000-7 (*set*) ; ISBN 2-89527-005-8 (*vol.5*)

This collection of jurisprudence and legal action for damages caused to RHUMART® by the Federal Government of Canada deals with the RHUMART® Self-Health System and its physiological nature.

This book, **in French**, includes four Canadian Court decisions in favour of the inventor of the RHUMART® Self-Health™ System, two of which have been published in a compendium of jurisprudence (internationally available):

- December 1989, by the Honourable Denis Lanctôt, JCQ;
- July 1991, by the Honourable André Trottier, JCS;
- August 1991, by the Honourable René Dussault, JCA;
- June 1992, by the Honourable Claude Joncas, JCQ.

The argument of the respondent-defendant, which led the CPMQ to withdraw its appeal in the case presented before the Honourable Claude Joncas, JCQ, that is, the CPMQ c. Roland Drolet (C.S. 500-36-000 351-927), is entirely reproduced in this book.

Further to the results of a CROP scientific survey and after a seizure (qualified as brutal, illegal and abusive by the Bertrand & Larochelle legal firm), Dr R.A. Drolet, Médecine-Bioélectrique Inc. (MBI), Électronique SEM Inc. et al took legal action and sued «Her Majesty the Queen in right of Canada» for damages estimated at 52 million dollars, in order to obtain partial repair and exemplary damages. In June 1992, a press conference was held to this effect in Montreal by MBI, the CROP survey house, and Dr R.A. Drolet.

Extremely important facts: all accusations made against Dr R.A. Drolet, MBI, and Électronique SEM (further to said seizure) were withdrawn without exception. Furthermore, the Federal Government explicitly recognized the non-medical (or physiological) nature of the RHUMART® Self-Health™ System.

An official letter dated 1992 and signed by the assistant deputy minister of Health and Welfare Canada states essentially that: **“the RHUMART® system can be sold without any further proof of safety and effectiveness than the ones already provided to us”**. What a victory after six years of persecution by the CPMQ and the Government of Canada!

the RHUMART® Phenomenon**

ISBN 2-89527-000-7 (set) ; ISBN 2-89527-007-4 (vol.7)

This book, **in French**, contains an important scientific article on the real nature of cancer in connection with embryogenesis and natural regeneration as well as the RHUMART® type of bioelectric regeneration.

A forty-page research report prepared by sociologist René Tounissoux containing a descriptive analysis of the company's clientele and the results obtained with the RHUMART® Self-Care System, is reproduced herein with a two-page executive summary. This report is based on information gathered from over one thousand owners of the RHUMART® system, by the Montreal firm CROP in 1992.

Section 4 of this book highlights the economic potential of the RHUMART® system to reduce the costs of public health (by as much as 20 to 30% according to Dr R.A. Drolet). This could be achieved by reducing the frequency of medical visits to general practitioners and specialists and by significantly lowering the drug consumption of chronically ill people and accident victims, who impose the greatest financial burden on society.

Dr A.-M. Bégué-Simon, M.D., also presents the conclusions of two major studies concerning pulsed magnetic fields (PMFs) and the impact of the RHUMART® Self-Health™ system on **autonomy, pain relief and user satisfaction**.

A report on clinical research carried out in various clinics between 1980 and 1982 (by Drs J.P. Gatién, D.C.; R. Roy, MD; G. Vézina, MD; and J.C. Bouché, D.C.) is presented in Volume 7Fr. These results, compiled in 1982, were gathered by Rodrol Instrumentation Inc. and are reproduced in the book.

The potential of the RHUMART® System to improve human health was demonstrated by numerous researchers, clinicians, physicians and health professionals in Canada and around the world (USA, Europe, England, New Zealand, Australia, Japan, Mainland China, Hong Kong, Taiwan, etc.).

Through this exceptional book, **in French**, which recounts the revealing and enlightening experiences of the author over a thirty-year period (1967-1997) in the field of biomedical research, thousands and even millions of individuals have a true revelation and finally dare to believe in their infinite potential.

The author proposes universal techniques such as Zen concentration on the present, the power of Creative Thought and the RHUMART® Anti-Stress system, a non-medical physiological approach, all of which aim to help people enjoy good health on every level, that is, physical, emotional and/or mental.

These modern techniques have proven their effectiveness on a global scale on over 300,000 individuals for the RHUMART® anti-stress system, and on millions of others as far as Zen concentration and Creative Thought approaches are concerned.

In fact, the application of the comprehensive, preventive approach proposed by the author has led to unique results in helping to control over 200 types of health problems, such as arthritis, STRESS, back pain, poor blood circulation, high blood pressure, various injuries, stomach ulcers and even cancer, schizophrenia and premature aging!

According to Mikal, this comprehensive approach will be the foundation of Scientific Medicine-of the year 2000, that of the Body, Heart and Soul.
