*Everything is interrelated
in space and through time ;
thus, every human being is, initially,
a product of his or her parents... as well as of their Culture...*

*However, at the dawn of the year 2000, each and every one
of us has the responsibility to ensure the evolution,
and even the transformation of our own
Culture into a more Universal Way of Life.
All human beings engaged in this process
will gradually reconnect themselves with their basic,
original essence, which is universal and eternal as Life is.

Preface-Introduction

The editor and the authors of this unique and revolutionary **integral health encyclopedia** wish to transmit a message of **health, happiness and true prosperity** to today's suffering, yet developing humanity.

Volume 9 of this holistic encyclopedia is an attempt to **summarize what is considered to be the essence of our human cultures and civilizations.**

Combining their cultural heritage with their own life experience, the authors suggest new and practical ways and methods to improve the **health and well being** of every human who wishes to do so.

This book is an introduction to **Mikal's Encyclopedia**. The RHUMART® Auto-Santé™ system described in great details in this encyclopedia produced outstanding results in hundreds of therapeutic and health enhancing applications.

For example, numerous cases of **arthritis, poor blood circulation, wounds, fractures, backache, pain, injuries of all kinds, many rare diseases and cancer; surprisingly, a few cases of AIDS benefited greatly from the proper and regular use of the RHUMART® Auto-Santé™ system.**

(See Volumes 3Fr, 4Fr, 7Fr, 13En and 14En of this encyclopedia for more details and results);
