The Art of Self-healing with

The RHUMART® RCC-2001™ Self-Care System

With Pain-killing and Regenerating Effects*

* RCC stands for RHUMART® Cell-Com™ or Neuro-Cell-Com™ because this system stimulates the intercellular communication responsible for the coordination and biological control of all living things. The RHUMART® system can thus benefit everyone, especially those battling an illness or other health problem.

The unique RHUMART® RCC-2001™ is patented† in several countries, including the United States, Canada, the United Kingdom (U.K.), and Japan.

PHYSIOLOGICAL EFFECTS

The five major electro-physiological effects of the RHUMART® system:

1. **Improved blood circulation;**
2. **Relaxation**, pain-killing and anti-inflammatory effects;
3. **Stimulation of normal cell** and tissue regeneration;
4. **Improved inter-cellular communication** and sleep quality;
5. **Strengthened immune system** (the body's natural self-defence mechanism).

TYPE OF INTERNEURAL SIGNALS INDUCED

These signals are related to the microimpulses of calcium Ca⁺² ion currents, which are absolutely essential to the intercellular synaptic communication of all living beings. For details, refer to the *RHUMART® Journal* no. 1, March 1990, reproduced in Vol. 3Fr and 13En of the Mikal Encyclopedia, Les Éditions de l'iRi, 1999, P.O. Box 8645, Ste-Foy, Quebec, Canada G1V 4N6.

ASTONISHING RESULTS (Source: Mikal Encyclopedia) Vol. 7Fr et 14En

The RHUMART® system has already helped thousands of people on all five continents. These people had been experiencing chronic health problems and ailments of all kinds for several years.

AN INDEPENDENT SCIENTIFIC CROP SURVEY CONFIRMS RHUMART® RESULTS

In 1991, an independent survey of owner-users of the RHUMART® Self-Care™ system examined the results obtained by the RHUMART® clientele.

This study, directed by sociologist René Tounissoux of Montreal's Centre de Recherche sur l'Opinion Publique (CROP), revealed some astonishing results based on the opinions of more than 1,000 respondents who dared take their own health in hand with the help of the RHUMART® system after experiencing numerous failures with other more-or-less natural therapies and even medications.

RESULTS OF THE INDEPENDENT CROP SURVEY

After between three months and one year of using the RHUMART® system, the 1,000 people interviewed declared to the CROP researchers that...

★ they had **improved** in:

- their **quality of life** (75% or 750 out of 1,000)
- their **work** 56% (or 560 pers/1,000);
- their **sleep** 52% (or 520pers/1,000);
- their **digestion** 36% (or 360 pers/1,000);

★ they had **reduced**:

- their **STRESS** levels (63% or 630 out of 1,000)
- their **pain** (76% or 760 out of 1,000) whose suffering was related to various health problems including arthritis, osteoarthritis, inflammation, injuries, burns, ulcers, high blood pressure, backache, sprains, bursitis, STRESS, insomnia, migraines, osteoporosis, varicose ulcers, chronic pain, herpes, Crohn's disease, poor circulation, varicose veins, glaucoma, and even cancer, schizophrenia, bone fractures, and premature aging)

★ **and they**:

- had **more energy** (54% or 540 out of 1,000)
- **went out more often** (28% or 280 out of 1,000)
- **and travelled more frequently** (18% or 180 out of 1,000).

POTENTIAL TO REDUCE HEALTH COSTS

(by approximately 20 – 30% with the Art of Self-Healing assisted by RHUMART®)

Twenty years after Dr. R.A. Drolet came to this conclusion, all responsible politicians are realizing that:

Health-care systems must refocus on increasing the public's self-responsibility if we are to contain and even reduce our health-care costs.

★ THE RHUMART® SOLUTION ALLOWS THIS SHIFT TO SELF-RESPONSIBILITY

A few simple calculations based on the results of two CROP surveys lead to the conclusion that, in fact, over a seven to ten year period, at least 20 – 30% of health-care costs could be saved (or reinvested) with guaranteed universal access to the RHUMART® Self-Care™ system combined with a holistic approach and the philosophy of therapeutic relationships recommended and taught by Dr. R.A. Drolet, Ph.D., and all the "self-care advocates."
